1 Client Zone

The **ClientZone** is a platform designed to give you everything you need to manage your account and access all your billing information with ease of mind.

The **ClientZone** customer portal allows our valued customers to find what they are looking for at their own convenience.

This manual was created to help you get the best out of your unique **ClientZone** portal.

We added some shortcuts and tips to help you get the best out of this manual.

Kindly take note of the following:

- Whenever you need to redirect to a specific section of this manual, you can click on the requested section from the table of contents.
-  Whenever you see this image it serves as a fast path back to your table of contents.
-  You can click on the arrow to quickly redirect to another section in this manual.
- Any word in a sentence and highlighted in **GREEN** serves as a quick path within the section you are viewing.
-  This image indicates information that should be noted.
-  If ever we have a tip to help you better any function, we will gladly share it with you.

2 Getting Started

If you are one of our valued clients who received an invoice monthly, you will receive an email with a link to activate your unique **ClientZone**.

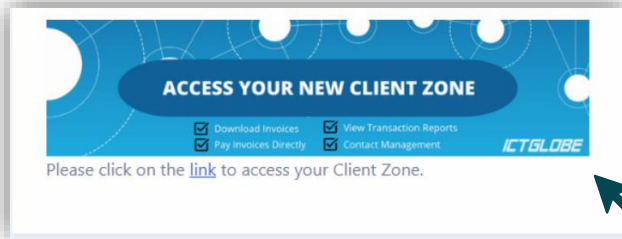

Note:

The link will only be sent if your ClientZone has not been activated yet.

The following steps describe the activation process:

Step 1: Click on link at the bottom of your mail to access **ClientZone**

Step 2: After clicking the link, a new window will open with the financial contact's email address as the input value. Click continue to proceed.

Note:

The email address can't be changed.

Step 3: If the user has no linked accounts, the below screen will appear. Fill in the form and register your **ClientZone**.

If the user has an existing account, they will be prompted to enter their password to link their new account. The steps can be viewed here →

 Note:

Your password must be more than 7 digits

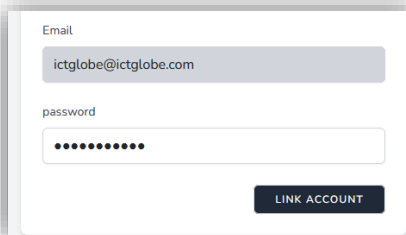

Result: After successful registration you will be redirected to your **ClientZone** dashboard discussed in the next section of this manual.

Linking another ClientZone account

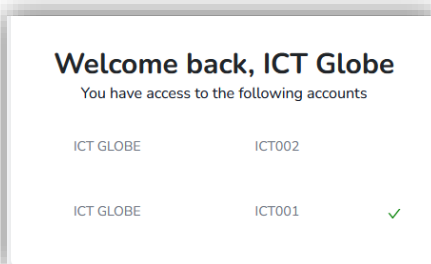

Step 1: Click on link at the bottom of your mail to access **ClientZone**

Step 2: If the user has an existing account, they will be prompted to enter their password to link their new account.

A form with two input fields. The first is labeled "Email" and contains "ictglobe@ictglobe.com". The second is labeled "password" and contains ".....". Below the fields is a button labeled "LINK ACCOUNT". A blue arrow points to the "LINK ACCOUNT" button.

Step 3: A user with multiple accounts must choose the account they wish to log in with.

A screen titled "Welcome back, ICT Globe" with the subtitle "You have access to the following accounts". It displays a table with two columns: "ACCOUNT" and "STATUS". The first row shows "ICT GLOBE" and "ICT002". The second row shows "ICT GLOBE" and "ICT001" with a green checkmark in the "STATUS" column.

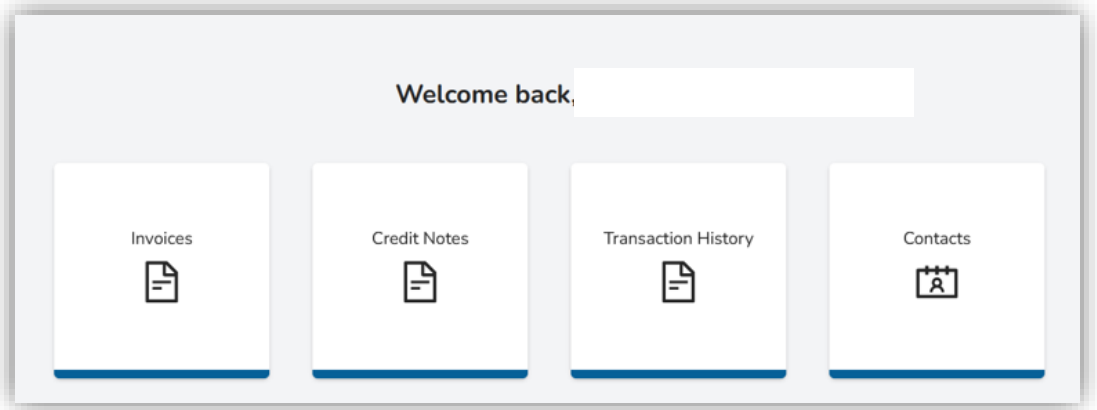

Result: You will be redirected to your dashboard, discussed in the following section of this manual

 **Fast Path: Back to my Table of Contents**

3 ClientZone Interface

3.1 Dashboard

i The image below serves as a fast path. You can click on any one of the block sections to redirect to that section quickly.

The **ClientZone** dashboard provides you with shortcuts to the following sections on your customer portal:

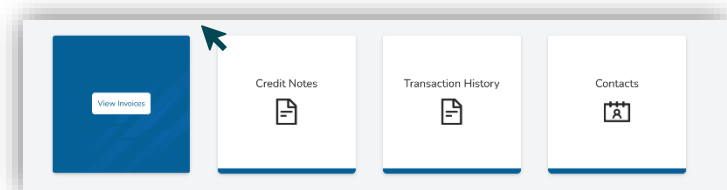

- Your profile information
- Invoices
- Credit Notes
- Transaction History
- Contact Management

We will now discuss each section, the actions that can be taken and the steps to follow with each.

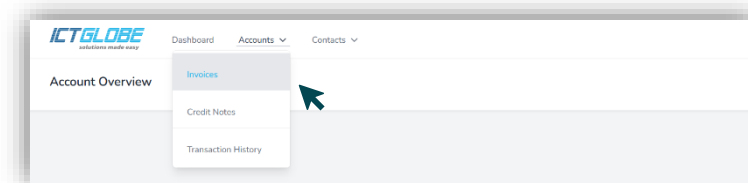

i TIP:

For easy navigation you can click on any tile, or from the top menu

Dashboard Tiles:

Top Menu:

3.2 Profile Management

On the top-right corner of your **ClientZone** dashboard, click on the icon with your initials is your profile.

The dropdown list provides three options to choose from:

 **The image below serves as a fast path.**

- Manage Account
- Profile
- Logout
- Switch Account  Only available for clients with multiple accounts

Profile Management

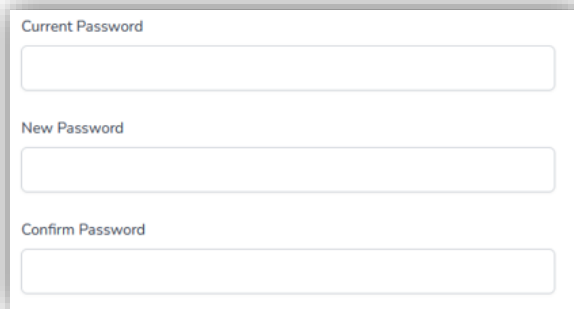

You can perform three functions to manage your profile. We will look at each.

Action 1: You can update your Name and upload a Photo.

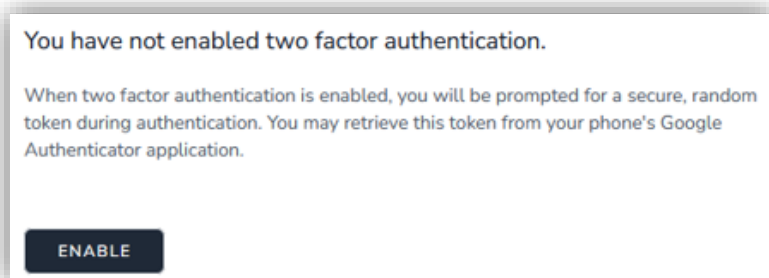

A screenshot of a profile management form. It features a 'Photo' section with a circular placeholder containing the initials 'IG' and a button labeled 'SELECT A NEW PHOTO'. Below this is a 'Name' section with a text input field containing the text 'ICT Globe'.

Action 2: You can change and update your Password

A screenshot of a password change form. It contains three stacked text input fields labeled 'Current Password', 'New Password', and 'Confirm Password'.

Action 3: You can enable Two Factor Authentication. Once this is done, you will receive a random token from your phone's Google Authenticator Application.

A screenshot of a modal dialog box for enabling two-factor authentication. The title is 'You have not enabled two factor authentication.' The body text states: 'When two factor authentication is enabled, you will be prompted for a secure, random token during authentication. You may retrieve this token from your phone's Google Authenticator application.' At the bottom is a dark button labeled 'ENABLE'.

Logout

If you click on the Logout button available from your profile section, you will be redirected to the login page.

How to make payments

Your **ClientZone** portal not only provides you with all the relevant information to view or download, you can conveniently make payments from your unique customer portal.

From your **ClientZone** portal, you have three payments options available:

- **Single Invoice Payments**
- **Multiple Invoices Payment**
- **Account Settlement**

Single Invoice Payments

When selecting a single invoice, it will indicate if the invoice was paid or not. If the invoice payment is still outstanding, click on: **Unpaid**.

2021-10-06	INV1532	Number Porting Invoice	R138.00	R0.00	View	Download	Paid
2021-10-06	INV1531	Number Porting Invoice	R138.00	R138.00	View	Download	Unpaid

Payment processes will be discussed in the next section, or you can view payment options from [here](#)

Multiple Invoices Payments

There might be instances where you need to make payment for more than one invoice. To allow for multiple invoices to be selected, enable multi select by clicking the toggle.

Enable multi-select payment

☒ Pay selected

Once the multi-select option was enabled, you can select the invoices you would like to pay and click on; **Pay Selected**

2021-10-06	INV1531	Number Porting Invoice	R138.00	R138.00	View	Download	Unpaid	☒
2021-10-06	INV1530	Number Porting Invoice	R138.00	R136.80	View	Download	Unpaid	☒
2021-10-06	INV1529	Number Porting Invoice	R138.00	R138.00	View	Download	Unpaid	☒

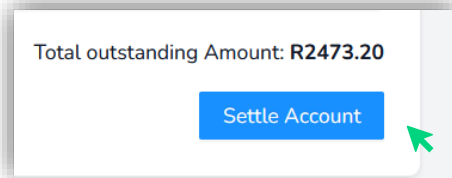

Selected Total : **R412.80**

☒ Pay selected

Payment processes will be discussed in the next section, or you can view payment options from [here](#).

Account Settlement

When logged in to your **ClientZone** portal, you will see your full outstanding payable amount for your account. In order to pay the full amount, simply click on; Settle Account, and proceed with the payment process discussed in the next section.

Total outstanding Amount: **R2473.20**

[Settle Account](#)

Payment Processes

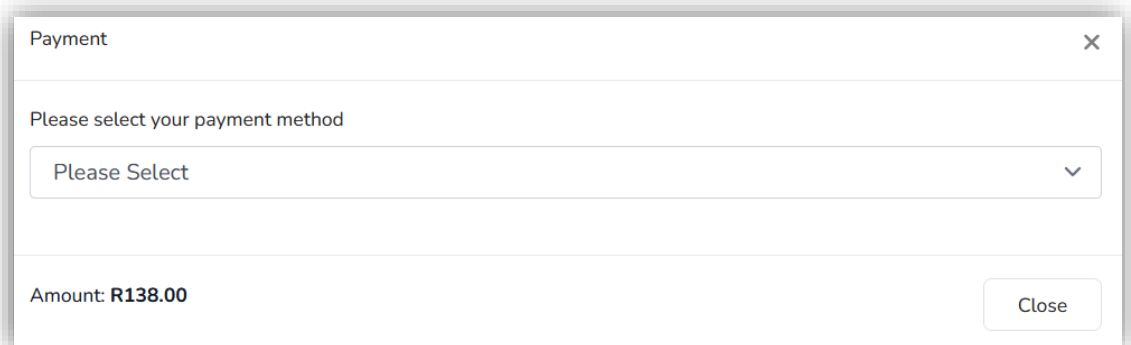

Your **ClientZone** provides you with three types of payments methods to choose from. Once you have chosen a payment option, you will be presented with the three payment methods.

Note:

Payments may only reflect on the ClientZone after **24 hours**. You will receive a mail confirming the payment.

Your available payment processes:

- **Card**
- **EFT**
- **Snap Scan**

Payment

Please select your payment method

Please Select

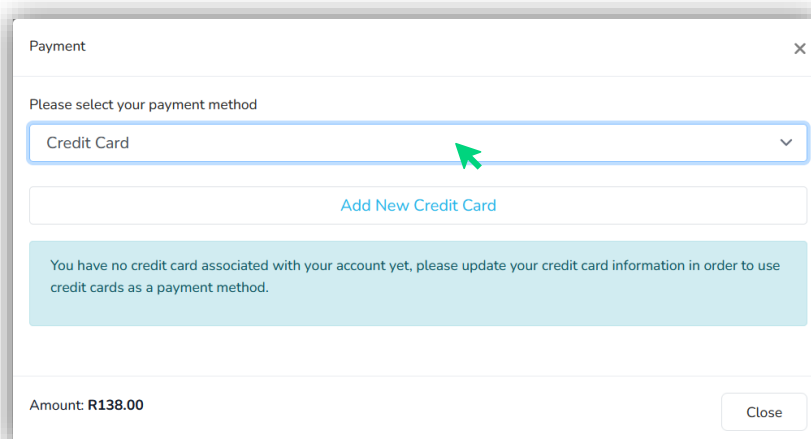

Amount: **R138.00**

Close

Payment with Card

When **Credit Card** payment is your payment method of choice, you will have to link a card to your account.

To add your card, click on **Add New Credit Card**, fill in your card details and then press **Save**.

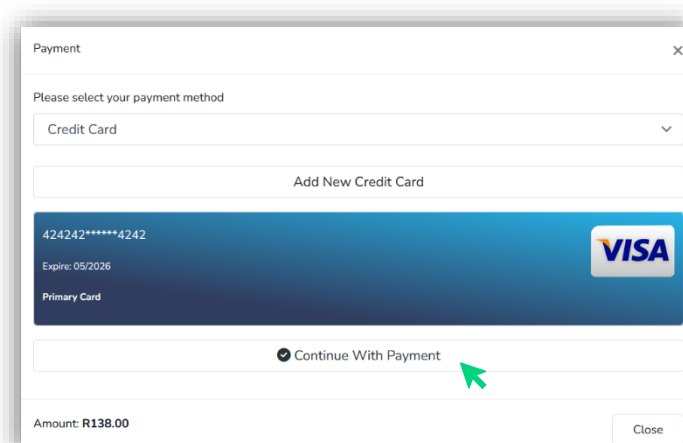

The screenshot shows a 'Payment' modal window. At the top, it says 'Please select your payment method'. Below this is a dropdown menu with 'Credit Card' selected. A green arrow points to the dropdown. Below the dropdown is a button labeled 'Add New Credit Card'. Underneath the button is a light blue informational box that reads: 'You have no credit card associated with your account yet, please update your credit card information in order to use credit cards as a payment method.' At the bottom left, it shows 'Amount: R138.00'. At the bottom right, there is a 'Close' button.

Note:

This card will be saved as your primary card. You can add additional cards if needed.

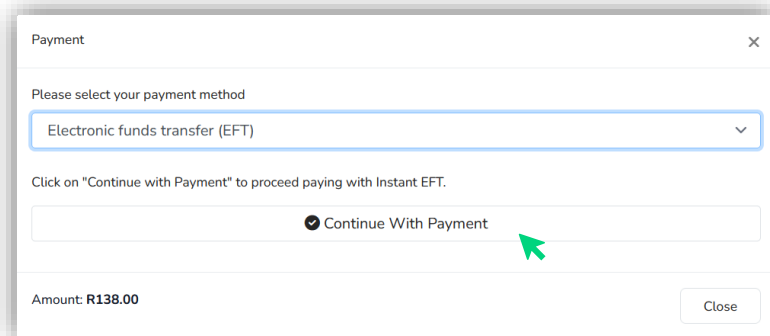

Click **Continue With Payment** to process the payment.

The screenshot shows the 'Payment' modal window after a credit card has been added. The dropdown menu still shows 'Credit Card'. Below the 'Add New Credit Card' button, a new card is displayed with a blue background. The card details include the number '424242*****4242', the expiration date 'Expire: 05/2026', and the label 'Primary Card'. The Visa logo is visible on the right side of the card. Below the card information is a button labeled 'Continue With Payment' with a radio button selected. A green arrow points to this button. At the bottom left, it shows 'Amount: R138.00'. At the bottom right, there is a 'Close' button.

Payment by Electronic Funds Transfer

Select the **Electronic funds Transfer (EFT)**, option and then click on **Continue With Payment**.

Payment

Please select your payment method

Electronic funds transfer (EFT)

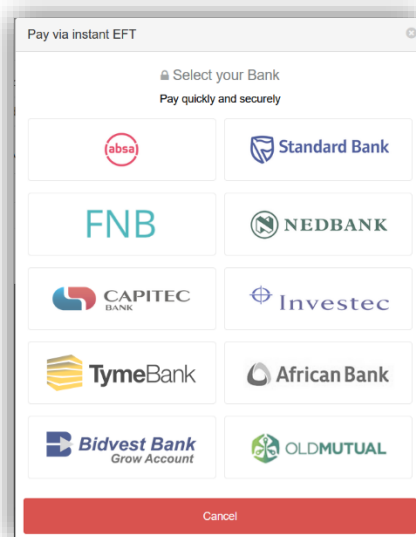

Click on "Continue with Payment" to proceed paying with Instant EFT.

4 Send us YOUR request

Your customer experience is important to us!

If you have any suggestion on what we can do to improve your **ClientZone** user experience, or if there are any additional features that you would like us to add, simply press on the **Request a Feature** at the bottom of your home page.

Making use of the input box on your screen, type your suggestion and send us a mail.

 **Fast Path: Back to my Table of Contents**

5 How can we help?

From your **ClientZone**, you can send basic support tickets.

Note:

This module is not a fully functional ticket system, the aim is to provide our valued clients with a platform where they can view the status of their existing tickets, and log a basic support ticket if needed.
